- 7:15 – Topic A: *WP Hacked!!! Don't Be That Guy!*
 - *Part 1: Root causes of hacks and how to defend* – Candy Alexander
 - *Part 2: Introduction to WordPress Security Considerations and Methods* – Jonathan May
- 8:00 – Open Forum
- 8:15 – Wrap Up
 - “I Need A...” and other Shout-Outs: help wanted, work wanted,
- Post-Meetup Networking

General Announcements

- WordPress 3.8 has been out for over a month
 - A significant facelift, with changes to the overall look-and-feel, improvements to theme and widget management screens, and a new default theme, 2014
 - Seems pretty cool and quite stable!

General Announcements

- *Creating Websites with WordPress* training course starts **TOMORROW**
 - A fun, effective way to learn the fundamentals of WordPress through a live, in-classroom, instructor-led course
 - Five classes on consecutive Tuesday evenings starting January 14th
 - Led by yours truly at the Adult Learning Center, Nashua
 - For details and to register see:
<http://yourpresenceontheweb.com/creating-websites-with-wordpress>

General Announcements

- Next General Meetup: Monday February 10th
 - Topics, please!
